Guide

ST. CLAIR COUNTY COMMUNITY COLLEGE

WALSH[®]
COLLEGE

WALSH COLLEGE TRANSFER PROGRAMS:

Walsh College is a private, not for profit institution offering upper-division undergraduate business and technology degrees. Since 1922, Walsh College has continually built its reputation as one of Michigan's largest business schools. Walsh College gives you the opportunity to learn from proven business leaders who blend business theory and real-world experience to deliver educational programs that boost career success.

This equivalency guide lists the St. Clair County Community College equivalents to courses that are required for the bachelor degree programs at Walsh College. This is not a complete listing of the coursework necessary to be admitted or to earn a degree from Walsh College.

To be admitted:

An applicant must successfully complete, with a grade of "C" (2.000) or better, a minimum of 60 semester credit hours (90 quarter hours) of coursework completed at the 100/1000 level or above. A minimum cumulative grade point average of 2.000 on a 4.000 scale is required.

- At least 30 semester credit hours of the minimum 60 semester credit hours must be in liberal arts coursework.
- The liberal arts coursework must include:
 - One course in English composition or written communication from an accredited United States institution
 - One course in intermediate algebra or higher-level mathematics course/placement

Walsh College participates in the Michigan Transfer Agreement (**MTA**). The agreement will allow students to satisfy Walsh College's minimum 30 semester credit hour liberal arts requirement at a Michigan community college.

To earn a bachelor degree:

There are three components to earning a bachelor degree from Walsh College:

- (1) Transfer credit hours (up to 82 eligible semester credit hours)
- (2) Professional core
- (3) Program core or major courses

A minimum of 127 semester credit hours must be completed, with 45 semester credit hours to be taken in residence at Walsh College within five years of enrolling.

To maximize your transfer credits — Meet with an Academic Advisor:

Walsh College accepts credits successfully completed at the 100/1000 level or above. Because you may transfer a maximum of 82 eligible semester credit hours, most associate degree requirements will transfer. At any point along the way, you may call or meet with a Walsh College advisor to make certain that you are on the right track towards transferring and earning your bachelor degree from Walsh College.

Concurrent Enrollment Option

Walsh College allows students to concurrently enroll in courses at Walsh College and St. Clair County Community College. To qualify for Concurrent Enrollment, a student must meet the Walsh College admissions requirements and complete a Concurrent Enrollment form with a Walsh College advisor.

BACHELOR OF ACCOUNTANCY

BACCT PROFESSIONAL CORE

Required of all students wishing to earn a BAacct degree at Walsh College.

SC4	WALSH	TITLE	HOURS
