Annual sick leave is credited at the beginning of the fiscal year but is earned monthly on the 15th of each month. Annual sick leave time advanced and used but unearned at termination shall be deducted in any final pay calculation.

Part-time non-contingent employees' sick leave is earned and credited at the proration of hours worked to full-time for each month of service. Earned days for a month shall not exceed one (1) day.

Part-time non-contingent employees hired prior to July 1, 2016: shall be allowed to keep their balance of sick days as of June 30, 2016. The college may require an employee to provide documentation that the paid leave has been used for this purpose.

D. For closure of the eligible employee's primary workplace by order of a public official due to a public health emergency; for an eligible employee's need to care for a child whose school or place of care has

been closed by order of a public official due to a public health emergency; or if it has been determined by the health authorities having jurisdiction or by a health care provider that the eligible employee's or eligible employee's family member's presence in the community would jeopardize the health of others because of the eligible employee's or family member's exposure to a communicable disease, whether or not the eligible employee or family member has actually contracted the communicable disease.
