Emergency Notification

The College will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The areas that this emergency notification applies to includes the College’s main campus, college housing, public property immediately adjacent to the campus, and in or on non-campus buildings or property that the College owns or controls.

A member of the Crisis Team is responsible for confirming the existence of a significant emergency or dangerous situation. Emergencies or dangerous incidents may include, in part:

- Disease outbreaks such as meningitis, norovirus, or other serious illnesses
- Approaching tornadoes or other extreme weather conditions
- Gas leaks, explosions, fires, and chemical or hazardous waste spills
- An armed intruder, bomb threat, or civil unrest and riot

Examples of situations that would not necessitate an emergency notification, though the College may elect to notify the campus and campus community, may include:

- Power outage
- Snow closure
- A string of simple larcenies

SC4 Campus Patrol personnel, considering the safety of the students and employees, will immediately notify emergency personnel via 911, and a member of the Crisis Team will initiate the notification system when appropriate. The Crisis Team will determine without delay and taking into account the safety of the community, the content of the notification, what information to release, the relevant portions of the campus and campus community to be notified, and the means for making public the emergency notification based on information known at that time. The College may not immediately issue a notification if doing so would compromise efforts to assist a victim, respond to or contain the emergency, or otherwise mitigate the emergency.

Members of the Crisis Team include: President, Chief Human Resource Officer, Chief Operating Officer, Chief Financial Officer, Chief Academic Officer, Senior Vice President, Vice President of Marketing and Special Projects, Vice President of Information Technology, Director of Campus Patrol & Training/Title IX Coordinator, and the College Resource Officer as needed.

Methods to Make Public Notifications

The available methods used, as appropriate for the identified crisis situation, to make public and emergency notification may include, but are not limited to the following:

- The College Portal, email, and its public website
- Social media
- Mobile phone and texting services
- Public address system
- Staff office desktop telephones
- Local radio and television
- If necessary, a messenger
- Posting in a readily accessible public area of each building
Follow-up information, such as an “All Clear” message will be given as deemed appropriate.

Campus Patrol personnel are in regular communication with local law enforcement through the on-campus Port Huron Police Department Officer and requests for their cooperation in informing the College of significant emergencies and dangerous situations reported to them that could require an emergency response and / or notification.

Students, faculty, and staff may go to the SC4 portal to sign up to receive emergency text alerts. These alerts allow for notification regarding any emergency and give notice to those on campus or within the campus community. SC4’s text alert system provided by Omnilert allows individuals to opt in to receive urgent notifications from St. Clair County Community College. This can be done at [http://sc4.edu/alerts/](http://sc4.edu/alerts/)

**Timely Warnings**

In the event of Clery Act reportable crimes reported to Campus Patrol personnel that have occurred on the College’s campus, in student housing, or on public property within or immediately adjacent to the campus, the College will issue timely warnings regarding any incidents that are considered to represent a serious or continuing threat to students and employees. Timely warnings may be issued for threats to persons or property and may aid in the prevention of similar crimes. In the event that a situation arises, either on or off campus, that in the judgment of the Crisis Team constitutes an ongoing or continuing threat, a campus wide timely warning will be issued.

The timely warning will be initiated to students, faculty, and staff from a member of the crisis team or their designee by the methods listed in the “Methods to Make Public Notifications” section on page one of this report as appropriate for the crisis situation. The College regularly communicates with local law enforcement and receives information from the on-campus City of Port Huron Police Officer, requesting their assistance of informing the College about crimes reported to them that may warrant timely warnings.

Timely warnings may not be issued for non-Clery Act reportable crimes if they do not create a significant emergency or dangerous situation that would require an immediate notification. The College is not required to issue a timely warning for Clery Act reportable crimes reported to pastoral or professional counselors.

Anyone with information warranting a timely warning should report the circumstances to a SC4 Campus Patrol Officer either in person or by telephone at 810.989.5757.

**Campus Crime and Security**

**ST. CLAIR COUNTY COMMUNITY COLLEGE BOARD POLICY 2.12 - CAMPUS CRIME AND SECURITY**

*Policy*

The Board of Trustees of St. Clair County Community College shall comply with all applicable requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and any amendments thereto (hereinafter the “Clery Act”).
The administration is authorized to establish procedures to accomplish the above goal.

Administration

1. Administration will prepare, publish, and distribute materials which comply with the Clery Act. Such materials shall initiate the procedure for students and employees to report criminal activity, arrange for security at the campus facilities, and develop programs to inform the students and employees about campus security and crime prevention.

2. Administration shall report crimes as they occur on the College Campus to the local police agencies as required.

3. Administration shall develop and periodically review rules and regulations for the implementation of the procedures set forth herein and for carrying out the College's responsibilities and duties under the Clery Act.

4. Administration shall report to the Board at least annually concerning the compliance with the Clery Act and the statistical information required.

5. Administration shall work and cooperate with the local, state, and federal law enforcement agencies in connection with the prevention of crime and compliance with the Clery Act.

6. Administration, in preparing the necessary procedures to comply with the Clery Act, shall take into account other policies of this Board dealing with use of alcohol or illegal drugs on the College campus.

Approved by Board of Trustees - October 15, 1992, Revised: January 21, 2010

Reporting Criminal Offenses

Crime Reporting

Criminal offenses in progress, medical emergencies, fires, suspicious people, and all serious incidents should be first reported to emergency responders by dialing 911, then to Campus Patrol personnel at 810.989.5757 or from any College telephone to extension 5757. Calls to local law enforcement authorities can also be made utilizing the “blue light emergency” telephones located throughout campus and in parking areas. The College is equipped with a system that will inform 911 of your location or room number, when dialed from Campus. Individuals with a hearing impairment can call 7-1-1 and Michigan Relay will enact their system that allows hearing persons and deaf, hard of hearing, or speech impaired persons to communicate by telephone. Assistance for handicap individuals is also available on campus in the Library located in the College Center, or at extension 5558.

Prompt calls to emergency responders and Campus Patrol are encouraged. If the victim is unable to report the crime, it is the expectation of the College that anyone aware of the crime should report all known details to Campus Patrol personnel as soon as possible. A person may also report crimes to the Chief Human Resource Officer at 810.989.5537 or the Director of Campus Patrol/Title IX Coordinator at 810.989.5509.
These reports will be used, in part, in the preparation for the annual disclosure of crime statistics, while maintaining confidentiality in accordance with federal and state laws.

You will be asked to accurately report your location and the reason for the call. Be prepared to give as much information as possible to the call-taker. Whether the call is placed to campus personnel, or to a law enforcement agency, personnel will respond, if necessary, to investigate the complaint. Responding personnel may request additional resources if needed to resolve the incident. Reports may be made to document the situation. A determination will be made by the Crisis Team to assess the need for a Timely Warning or Emergency Notification to be disseminated.

The College will monitor and record through local police agencies any criminal activity by students at non-campus locations of student organizations officially recognized by the college.

**Daily Crime Log**

The College maintains a written daily crime log which is kept in the Campus Patrol office. This crime log records the incidents that occurred within the College’s Clery geography, as reported to Campus Patrol. The nature of the incident, date, and time of the occurrence and when reported, case number, the general location, and the disposition of the complaint are included.

The College must make an entry, or an addition to an entry in the log, within two business days of the report of the information to Campus Patrol, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim. The College may withhold this information if there is clear and convincing evidence that the release of the information would:

- Jeopardize an ongoing criminal investigation or the safety of an individual.
- Cause a suspect to flee or evade detection.
- Result in the destruction of evidence.

The College must disclose any information withheld once the adverse effect described above is no longer likely to occur.

The crime log is available for student, employee, and public inspection for the most recent 60-day period, upon request during normal business hours. The portion of the crime log that is older than 60 days is available within two business days of a request for public inspection.

**Confidential Reporting**

The College will protect the confidentiality of victims and other necessary parties in publicly available record keeping, including Clery Act reporting and disclosures, without the inclusion of personally identifying information about the victim. The College will take all reasonable steps to investigate reported crimes while maintaining confidentiality to the extent permitted by law. Crimes must be reported to Campus Patrol by students, faculty, and staff to ensure inclusion in the College’s annual crime statistics and to provide a timely warning notice to the college community when necessary. Campus Patrol must report all crimes on the daily crime log and report all Clery crimes in the Annual Security Report. Campus Patrol personnel, along with members of the Crisis Team are responsible for the security and emergency response at the College.
Missing Students Residing in On-Campus Housing

The College offers students on-campus housing located at 514 Military Street in Port Huron. Should the College determine that a student who resides in on-campus housing to be missing for a period of 24 hours, the College will initiate specific notification procedures within 24 hours of receiving the information. This does not preclude the College from making a determination that a student residing in on-campus housing is missing before the student has been missing for a full 24 hours, or from initiating notification procedures as soon as it determines that the student is missing.

If you as a fellow student, SC4 employee, or any other individual believe that a student who resides in on-campus housing is missing from campus for 24 hours, you can be instrumental in the safe return of the student by immediately notifying the following:

- Chief Human Resource Officer  810.989.5537
- SC4 Campus Patrol   810.989.5757
- Port Huron Police   810.984.8415 or
- Central Dispatch   810.985.8115

Reporting of a missing student must be referred immediately to the College’s Campus Patrol, or to the Port Huron Police during hours when Campus Patrol is not available.

Students who reside in on-campus housing, regardless of their age, may annually register with the College one or more individuals to be contacted strictly for missing person purposes. The contact person can be anyone. If the student has registered a general emergency contact name with the College, the student can register that same person to be used for both purposes. The College cannot assume that a general emergency contact is also the missing person contact.

To register a missing person, contact with the College, the student may make this information available to the Manager of College Housing during the move-in process.

Names registered as a missing person contact will be confidential and will only be disclosed to authorized campus officials, such as designated College personnel or to law enforcement personnel in the furtherance of a missing person investigation.

For students who reside in on-campus housing who are under the age of 18 and are not emancipated, the College must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

The College will notify law enforcement within 24 hours of the determination that the student who resides in on-campus housing is missing unless law enforcement was the entity that made the determination that the student is missing.

Response to a Missing Student in On-Campus Housing

The response by the College of a missing student from on-campus housing may involve varying procedures due to the unique nature of any individual incident. Though the College may handle each occurrence on a case-by-case basis, there are actions that the College will take with all missing on-campus students.
If a student in on-campus housing has been officially determined to be missing, the College will:

- Access the missing student/general emergency contact information which is secured by the Manager of College Housing when on-duty or on-call. When the Manager of College Housing is off-duty, the information is secured by the College housing on-call staff during weekends.
- Determine the age of the student.
- Report to the Chief Human Resource Officer immediately.
- Report to Campus Patrol immediately.
- Inquire with the student’s roommates and/or friends as to the student’s whereabouts. Ask the roommate if you may conduct a visual check for missing personal items such as a toothbrush, personal belongings, missing books etc. Check the meal plan service to see if the student has been eating/using this service. Consult with Academic Services and /or faculty to determine if the student has been attending classes.
- In consultation with the Chief Human Resource Officer, report to the Port Huron Police if the student has not been found within 12 hours of being notified.
- Notify the student’s missing person contact person within 24 hours that the student is missing if that student designated a contact person. If the student designated more than one missing person contact person, the College can notify the contacts in order determined by the College. If a student registers multiple contacts, and the first person confirms that the student is not missing, the College must notify each additional contact in turn, unless the student is contacted by the College or contacts the College. The College will document unsuccessful contacts.
- Notify the student’s custodial parent or guardian and any other designated contact person within 24 hours that the student is missing when the student is under 18 years of age and is not emancipated.
- Inform local law enforcement within 24 hours that the student is missing, regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor.

Security/Access to Campus Facilities, College Residences, and the Maintenance of Facilities

The College operates its own Campus Patrol department to provide security for the campus whenever possible. In an effort to provide a safe environment, Campus Patrol personnel routinely check for, and observe, campus facilities to identify potential safety and security threats or hazards. When necessary, Campus Patrol notifies the Physical Plant Department, or other relevant personnel, to have identified hazards corrected or removed.

Campus academic/administrative buildings are normally open to students, instructors, staff, parents, and contractors by 7:00 am, and closed at 10:30 pm Monday through Thursday and 7:00 am to 8:00 pm on Friday. The College is open on Saturday and Sundays for scheduled events and operates according to the event hours on those days. During non-business hours authorized personnel with issued keys and alarm code accounts may access buildings.

Access to the main campus academic/administrative buildings and facilities is regulated through mechanical access control, monitored alarm control, push button combination door locks, camera systems, and physical surveillance. Access to residence halls is restricted to residents, their approved
guests, and other approved members of the College community. Residents are cautioned against
permitting strangers to enter the building and are urged to require individuals seeking entry to use their
own access cards. College housing operates on the use of electronic swipe cards for entry to the building
and individual dorm rooms. College housing personnel also monitor entry to the building Monday
through Wednesday 8:00 am to 8:00 pm, Thursday through Friday 8:00 am to 5:00 am, Saturday 9:00 pm
to 5:00 am. A Resident Assistant and a professional staff member are also on call 24/7 in college housing.
Campus academic/administrative buildings as well as student housing do not have a campus patrol officer
assigned to them. However, the campus patrol team patrols all buildings on an on-going basis.

The campus is well lit on the exterior and interior of the buildings, within walkways, and in parking areas.
This lighting is routinely monitored by Campus Patrol and facilities staff.

Security Considerations in Maintaining Campus Facilities

The College takes measures to ensure security equipment is working properly. Inspections of the
campus’ safety-features are performed on a regular basis to assure they are in good working
condition. Such inspections include but are not limited to:

- Qualified personnel periodically inspect the fire alarm, sprinkler systems, fire extinguishers, and
  other alarm systems.
- Emergency phones, the mass notification system, and the camera systems are inspected/tested on a
  routine basis.
- Lighting for external pathways, hallways, and stairwells are periodically inspected by campus
  patrol and facilities staff. Work orders are initiated for repairs if an issue is found during inspection
  or if an issue is reported by a member of the campus community.
- Housing electronic door-locking mechanisms are checked on a periodic basis. Work orders are
  initiated for repairs if an issue is found during inspection or if an issue is reported by a member of
  the campus community.

Scope of Campus Law Enforcement

Campus Patrol

Campus Patrol is a uniformed security detail that responds to many differing calls for service from students,
faculty, and staff. Campus Patrol is made up of Public Safety Officers and Campus Patrol Officers. These
officers do not possess arrest powers as state certified police officers. Campus Patrol staff have the authority
to ask persons for identification and to determine whether individuals have lawful business at the College.
The College also has a contract with the City of Port Huron for a College Resource Officer, who is a Port
Huron Police Officer employee. This officer is a state certified police officer with arrest authority and is
armed. The jurisdiction of the SC4 Campus Patrol Officers and College Resource Officer includes property
that is owned, leased, or controlled by the institution. The jurisdiction of the College Resource Officer
additionally includes concurrent jurisdiction on city streets running through or adjacent to the campus. The
City Police Officer is on campus from mid-August through mid-May, when the Fall and Winter semesters
are in session.

In the department there are three Public Safety Officers, one Campus Patrol Officer, and one City of Port
Huron Police Officer ready to serve during business hours when students are on campus. This team
conducts their patrols on foot, by vehicle, by golf-cart and by bicycle as conditions warrant. To enhance safety, all officers receive ongoing training throughout the academic year in areas relevant to their duties.

**Campus Patrol Incident Reports**

Since the College does not employ its own police department, criminal acts are investigated by local area law enforcement authorities to include the contracted College Resource Officer. Victims of crimes are strongly encouraged to notify these law enforcement authorities in a timely manner by first dialing 911, and then notifying Campus Patrol. Incidents may result in a Campus Patrol report being completed. All Campus Patrol reports are forwarded to the Chief Operating Officer, Chief Human Resource Officer, Title IX Coordinator, Senior Vice President and to other College administrative staff as appropriate. Campus Patrol also includes law enforcement when contacted by victims, by-standers, or when made aware of incidents when appropriate.

Reports will be investigated as deemed necessary. Violations of the law will be referred to law enforcement agencies including the College Resource Officer, the College’s Chief Operating Officer, Chief Human Resource Officer, Title IX Coordinator, Senior Vice President and when appropriate, to other administrative staff for review. When a potentially dangerous threat to the campus community arises, timely warnings may be issued as noted previously in this report. Campus Patrol maintains a working relationship with local, state, and federal law enforcement agencies in the area through personal meetings and telephone communications. These entities include Croswell Police, Port Huron Police, Marysville Police, Sanilac County Sheriff Office, and St. Clair County Sheriff Office.

There are currently no memorandums of understanding between Campus Patrol and local law enforcement. There is a contract with Port Huron Police Department for one police officer to work on campus during the Fall and Winter semesters, Monday – Friday from 10:00 am to 6:00 pm.

**Monitoring of Criminal Activity at Student Organization Locations**

While the College has several recognized student organizations it does not have any officially recognized student organizations that have housing facilities “off-campus”, i.e non-campus facilities.

**Security Awareness Programs for Students and Employees**

Students are informed of security and safety services offered by the College in a welcome letter provided to each new student. Students receive information to contact Campus Patrol personnel for the services provided which include: security escorts, lost & found property, room unlocks, low or dead vehicle battery, low or flat tire, vehicle out of gas, keys locked in vehicle, frozen door locks, disorderly complaints, reports of crime or sexual assault or harassment, fact-finding and documentation of claim, emergency response, provide directions, security of college property, on campus injury or illness reporting, publish crime statistics, suspicious situations/persons reporting, parking enforcement and vehicle accident reports.
Written materials within the Student Portal are available outlining ways to maintain personal safety and security while on campus. Similar information is presented to new employees as well, as they progress through the orientation process.

Periodically during the academic year, the College disseminates security information to students and employees through portal announcements, posters, pamphlets, and displays. A common theme of all awareness and crime prevention programs is to encourage students, employees, and the college community to be aware of their responsibility for their own security and the security of others.

When time is of the essence, information is released to the College community and throughout the campus by the methods listed in the “Methods to Make Public Notifications” section on page one of this report. The College has made available to students, employees, and the college community the ability to sign up for text alert services to be received on their mobile device. To sign up, please visit the SC4 portal page at SC4 Alerts [https://sc4.edu/alerts/](https://sc4.edu/alerts/)

Revised: July 14, 1988, Revised: December 11, 2008
Use/Possession Illegal Drugs

ST. CLAIR COUNTY COMMUNITY COLLEGE BOARD POLICY 2.9- DRUG-FREE WORKPLACE

Policy
The Board of Trustees of St. Clair County Community College acknowledges that the illicit use of drugs and the abuse of alcohol by students or by employees is detrimental not only to the health and well-being of the employees and students, but is also detrimental to the discharge of their respective responsibilities. Such use, possession or dispensing of illicit drugs or abuse of alcohol is inconsistent with the College purposes of higher education and the College's attitude toward the use of drugs or alcohol by its students and employees. (A.) It shall be the policy of this College that there shall be no illicit use of drugs or abuse of alcohol allowed by students or employees on the College's property or at or as a part of any institutional activity. (B.) No employee or student shall unlawfully manufacture, distribute, dispense, possess, or use any controlled substance or abuse of alcohol while on the College property or at any institutional activity.

Administration
1. Any employee or student who shall violate the policy as set forth above shall be subject to discipline up to and including dismissal from employment or removal from the institution.

2. Any employee who is working in a grant program shall agree to abide by the terms of this policy and shall agree to notify the College of any criminal drug statute conviction or violation occurring on the College premises. Such notification shall be made within five (5) days after such conviction. Employees acknowledge that the College will be notifying the federal funding agency of the grant of any such actual conviction. Employees and students are advised that the College will take appropriate disciplinary action against them for violating this policy including termination of employment or exclusion from school, and may require such employee or student having been so convicted to participate in a drug abuse assistance or rehabilitation program approved by a federal, state, or local governmental law enforcement agency or appropriate agency. In addition, employees and students violating this policy will be advised of the counseling and/or treatment and rehabilitation programs available including those operated through the County Mental Health.

3. It is the College's intention by establishing this drug-free and alcohol abuse workplace requirement that all employees and students will be aware of and advised of the dangers and abuses of using illicit drugs or of abusing the use of alcohol and the College's commitment to maintain a drug-free and an abuse of alcohol-free campus.

4. It is the intention of the College to, on an annual basis, make this policy and other information concerning the health risks associated with the use of illicit drugs and abuse of alcohol available to the employees and students.

Approved by Board of Trustees - July 13, 1989, Revised: May 10, 1990, Revised: November 19, 2009

Enforcement of Federal and State Law

The College supports the enforcement of federal and state laws concerning sale of alcoholic beverages or illegal drugs, underage drinking and use and possession of illicit drugs. Penalties for the violation of these laws, and the harm that these substances can cause can be found at https://sc4.edu/about/consumer-information/.
Substance Abuse Services

The College can refer its employees and students to services offered by a local substance abuse agency for the purpose of education, prevention, and assistance in rehabilitation. Interested employees can contact Human Resources in room 206 of the Main Building, or by calling 810.989.5534. Interested students can contact Director of Student Wellness in room 209 of the Main building, or by calling 810.989.5552. All inquiries are confidential.

Emergency Response and Evacuation

The College has taken steps to prepare for varying responses to emergency situations on campus, should they occur. Information on actions that can be taken regarding the safe evacuation from college buildings and facilities have been made available for students, faculty, and employees online and at the Campus Patrol office located in the College Center, room C104. These materials provide helpful information for fire safety via “Know Your Route - Get Out!” presentation, active shooter in a “Run Hide Fight” curriculum, and what to do during inclement or severe weather or college closures. Training sessions are offered annually to staff and faculty. Campus Patrol suggests that those within the campus community should take the time to familiarize themselves with these materials prior to an emergency or the need to evacuate, to increase their knowledge of actions that can be taken. Please visit https://sc4.edu/ and click on the Campus Safety Information and Resource tab at the bottom.

Should an emergency occur, it will be investigated by emergency first responders and/or Campus Patrol. Once Campus Patrol is aware of an emergency, a member of the Crisis Team, or other assigned College administrator, will respond to the scene. Once a significant emergency has been confirmed, the following will occur immediately:

- The responding College administrator will ensure that 911 has been called.
- The Chief Human Resource Officer will immediately assemble the Crisis Team which will determine the appropriate response, and the appropriate segment of the campus that should receive notification of the event if needed.
- The Crisis Team will determine the content of the notification to be sent and how members of the campus should respond to the event, unless it is determined that the message would compromise efforts to assist a victim, respond to, or mitigate an emergency.
- A member of the Crisis Team will direct Campus Patrol and/or the Marketing Team to initiate and notify the campus community of the event without delay. Campus Patrol may use tools as identified in the “Methods to Make Public Notifications” section on page one of this report as appropriate for the emergency situation.

The College will test its emergency communication procedures, response and evacuation procedures at least once a year or more if deemed necessary as directed by the Crisis Team. False alarms may occur and will be recorded as such. A record of testing will be published yearly in this report along with the emergency response procedures. This report is posted annually to the campus community via the portal. Records of the testing will be maintained by the Chief Human Resource Officer or his/her designee. In addition, the
College will debrief incidents to evaluate campus response for self-improvement. These tests may be announced, or un-announced.

1.0 **INTRODUCTION**

1.1 **PURPOSE**

The purpose of this guideline is to provide information and direction to staff, faculty, and students of St. Clair County Community College (SC4) regarding the mandatory federal requirements related to the Violence Against Women Act amendments to the Clery Act; and to
affirm the commitment of SC4 to the protection of the safety and welfare of the SC4 community. SC4 prohibits crimes of:

- Sexual violence
- Dating violence
- Domestic violence
- Stalking

1.2 AUTHORITY

1.3 DEFINITIONS:

Definitions include but are not limited to the following when addressing sexual misconduct. Sexual misconduct is any action of a sexual nature that occurs without consent. VAWA Terms and Definitions.¹

Sexual Assault

An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program.

Sex Offenses:

1. Fondling

The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

2. Incest

Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

3. Rape

The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

4. Statutory Rape

Sexual intercourse with a person who is under the statutory age of consent.

5. Domestic Violence

• A felony or misdemeanor crime of violence committed;
• By a current or former spouse or intimate partner of the victim;
• By a person with whom the victim shares a child in common;
• By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or former intimate partner;
• By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
• By any person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction of which the crime of violence occurred.

6. Dating Violence

• Violence committed by a person who is, or has been in a social relationship, romantic or intimate nature with the victim.
• The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
• For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
• Dating violence does not include acts covered under the definition of domestic violence.
• Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

7. Stalking

Engaging in a course of conduct directed at a specific person that would cause a reasonable person:

• To fear for the person’s safety or the safety of others;
• To suffer substantial emotional distress.

For the purposes of this definition:

• Course of conduct means two or more acts, including but not limited to, acts in which the stalker directly, indirectly or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
• Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
• Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily require, medical or other professional treatment or counseling.
• Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Consent

Inflicting any sexual invasion/assault upon any person without that person’s consent is prohibited. "Consent" requires actual words or conduct indicating a freely given agreement to have sexual intercourse, or to participate in sexual activities. The college community should be aware that, depending on the particular circumstances, previous sexual relationships or a current relationship between the persons involved, or silence or lack of protest does not necessarily constitute consent. Further, the degree of impairment of a person's ability to give or withhold consent (including, but not limited to, incapacity or helplessness caused by alcohol or any other drugs) may be introduced as pertinent information at any college disciplinary hearing.2

“Employee” is defined as any person, who performs official duties on behalf of SC4, is compensated directly by the College, and is subject to the College’s direction and control. It also means, all official volunteers; it does not include any other person or employees of independent contractors.3

Educational Programs Content Outline:

The College is committed in its attempt to provide a safe and secure environment. The awareness, prevention and survival of sexual assault, domestic violence, dating violence and stalking are an important aspect of this. Annually, in cooperation with academic and student service departments, Campus Patrol and with other outside community and local government organizations, the College provides the “Sexual Assault Awareness, Prevention and Survival Program” in a campaign to increase the knowledge base of its students, employees, and the campus community. In addition, the College distributes education brochures and includes information in a new student welcome letter on VAWA-Sexual Misconduct.

A sample education program outline follows:

Overview:

- “Consent” definition education through portal announcements and posters.
- Current laws regarding sexual assault, domestic violence, dating violence, stalking, victim’s rights and how they work in the legal system. Points of interest covered included notification by the victim to law enforcement in a timely manner for evidence retention, the differentiation of sexual assault charges, how they apply and penalties that arise from convictions to these various legal charges.
- Methods of risk reduction to avoid becoming a victim of sexual assault by means of “Date Rape Drugs” in public and social gatherings, plus the negative effects of these drugs on their victim’s ability to recognize actions that may be leading to an assault, resist the assault or even remember the assault having occurred.
- Where and how to find help for sexual assault, domestic violence, dating violence and stalking through various community out-reach based groups and organizations.
- Safe and positive options for bystander intervention – actions that may be carried out by an individual or individuals to prevent harm or to intervene in situations of potential harm when there is a risk of sexual assault, domestic violence, dating violence or stalking against an individual. Effective bystander intervention empowers participants to recognize situations of potential harm by overcoming barriers to intervening and by identifying safe and effective intervention options. Confidentiality is maintained in compliance with federal and state laws.

Law enforcement entities that were contacted to assemble these Clery crime statistics are listed below.

- Croswell Police: Statistics were provided and are included in the totals.
- Sanilac County Sheriff Office: Statistics were provided and are included in the totals.

Annual Fire and Safety Report

</tr>
</tbody>
</table>

*Full sprinkler coverage consists of sprinklers in common areas and individual rooms.

Tampering with any fire system, fire alarm reporting system, or fire suppression system is prohibited. This includes falsely activating fire pull stations, covering or disabling smoke detectors or sprinklers, or silencing individual horns in rooms or hallways. No person should falsely report a fire or interfere in any way with emergency responders, or act in a way that fails to conform to established safety regulations.

**Fire Safety Education and Training**

It is the responsibility of the Manager of College Housing to train, and re-train, Resident Assistants (RA’s) on emergency procedures and general safety requirements.

RA’s receive training for the safety of the housing occupants. RA’s training covers the duties that require their participation in all scheduled fire drills, the gathering of residents at the evacuation location, and the checking of those residents against a floor plan/roster. RA’s are trained to ensure that all passageways, stairwells, hallways, and exits are always kept clear. Procedure for conducting fire watch rounds is also covered. Training is also conducted for the response to a smoke or fire event. Training includes actions to be taken by the RA and the notifications to be made to residents for evacuation, 911 emergency services for response, and the Manager of College Housing for follow up procedure.

Student residents receive their fire safety and evacuation training at orientation. Topics include issues concerning fire prevention, fire pull station locations, fire evacuation procedures, points of egress from the building and meeting locations after safely evacuating the building. Also covered through training or educational materials are exclusions from College Housing, such as prohibited heat generating devices, open flames, etc. to decrease the risk of a smoke or fire event.

**Fire Drills**

The City of Port Huron has adopted the International Fire Code 2015. For on-campus housing in a dormitory this code requires a fire drill to be conducted:

- Within 10 days of the start of classes.
- One drill conducted while school is in session and held between the hours of sunset and sunrise.
- A total of four drills annually, conducted as varying times and days.
Fire drills are held with sufficient frequency to familiarize the occupants with many types of fire hazards and to establish conduct of the drill as a matter of routine. Drills are conducted during peak occupancy periods and include procedures to ensure that occupants participate. These drills are held in cooperation with the Director of Campus Patrol and the student housing staff. An evaluation is made of each drill in regard to safety and compliance. False alarms, even those that lead to the evacuation of student housing, are not counted as drills.

Evacuation in Case of Fire

*KNOW YOUR ROUTE*

Before you encounter a fire situation, plan ahead by knowing your housing space and know the best exits available. Evacuation route maps depicting two evacuation routes are on every dormitory room door. Take the time to learn the locations of fire pull stations, and fire extinguishers.

*GET OUT*

If you see fire; if you hear the fire alarm; if you see or smell smoke; or if you hear someone yelling fire; Get Out! Evacuate the building immediately offering assistance to others if you can. Don’t slow your leaving the building by trying to take your belongings. On your way out of the building, pull the fire alarm pull station, if it is safe to do so, to alert others.

Once safely outside, call **911** and then Campus Patrol at **810.989.5757 or extension 5757**. Then assemble at Andrew Murphy Ave. between Michigan St. and Huron St. if it is safe to do so. If not, assemble in a group if you can away from the fire and smoke. Encourage others who may be endangered, to join you if it is safe to do so.

Disabled individuals who cannot use stairs can remain in their room with the door closed. Notify college housing personnel or campus patrol of these individuals as soon as you are safely out of the building. The on-campus Manager of College Housing, on duty RA staff member, or other responsible staff member will provide information of these individuals to responding emergency personnel.

Never re-enter the building for any reason until receiving an “all clear” from responding fire personnel or a responsible staff member of the College.

*Portable Electric Appliances, Open Flames*

The cooking of food in on-campus housing is allowed only in the Commons Kitchen area. This area is provided as a convenience for residents as a self-serve area to prepare meals beyond a microwave option, but less than a full-service kitchen. The Commons Kitchen is not designated as a large-scale meal preparation area and therefore is limited in function. The use of portable electrical appliances such as hot coffee makers or rice cookers without an automatic shut off, popcorn poppers, slow cookers, toasters of any kind, refrigerators over 5.5 cubic feet, or any appliance with an exposed element/flame is prohibited. Other
devices such as space heaters, electric blankets, halogen lamps/bulbs, heating pads without an automatic shutoff, and humidifiers are also prohibited.

Open flames such as candles, the burning of incense, or the use and/or storage of grills, charcoal and/or charcoal starting fluid, propane tanks, smokers etc. is prohibited in College Housing and on College Housing grounds.

For the safety and security of Housing residents, guests, staff, and housing facilities, the College reserves the right to remove additional items not mentioned, on a case by case basis. If a resident has a question or concern as to what items are and are not permissible, the resident should contact the Manager of College Housing, or refer to their SC4 Housing Residential Agreement.

**Smoking**

College policy (2.13) recognizes the dangers created by smoking and prohibits the use of any tobacco products whether smoking, chewing, vaping or otherwise anywhere on the College campus. The College’s campus includes College Housing, buildings, building entrances, sidewalks, parking lots, and common areas on campus property.

Residents may be subject to the housing mediation process for smoking inside or on housing property. Additionally, the smell of smoke inside a suite, which indicates smoking in the suite has occurred, also makes residents eligible for the housing mediation process. Any evidence of smoking discovered inside or outside of any suite will result in a substance-free policy violation.

This policy also includes the smoking of marijuana (illegal and legal use) and chewing tobacco spitting containers. Students will be subject to the housing mediation process and legal processes for the smell or detection of marijuana (including for medicinal or other legal purposes) inside any housing suite.

**Reporting Extinguished Fires**

Should a College employee or student learn of an extinguished fire that had occurred at College Housing, that occurrence must be reported promptly to Campus Patrol, the Manager of College Housing, or to the Chief Human Resource Officer (this does not include active fires that are addressed in the previous section). Notification of these extinguished fires will help to ensure that they are included in the annual fire report. Reporting also allows the opportunity to apply future preventative action education upon review of the event with appropriate parties. All evidence for any fire not known to be accidental (such as a cooking fire) must be considered by the Clery Compliance Officer, designated to make such determinations.

**Plans to Improve**

There are no fire safety improvements scheduled at this time.

**CLERY Fire Statistics**

Annually, fire statistics are gathered for Clery reportable fires as reported by employees, students, fire alarm monitoring companies, or the greater campus community. Once compiled, the Clery fire statistics are
submitted to the College’s Board of Trustees, the Department of Education, and ultimately published in this written report and to the College’s website.
