# St. Clair County Community College - Radiologic Technology Application Guidelines and Checklist

Applicants must complete the following checklist and submit with the above application:

## Academic Standards

The applicant must have:

☐ High School transcript (or GED equivalent) sent to Radiologic Technology Program College Prerequisite Courses (Completed by Feb. 1)
☐ MTH 1100 Foundations of Math
☐ ENG 101 English
☐ BIO 271 Anatomy & Physiology (completed within the past five years)
☐ HE 102 Medical Terminology (It is highly recommended to purchase & keep this book.)
☐ Minimum overall college GPA of 2.8. (If you attended multiple colleges your most recent college transcript with at least 13 credits will be used)
☐ Minimum GPA of 2.0 in the required prerequisite courses

## Application Requirements

The following items must be submitted:

☐ Primary application to St. Clair County Community College-ANTAH code
☐ Secondary application to specific Health Sciences Program- AASRD code Radiologic Technology Program application (attached)
☐ Official Transcripts* from high school and college

*An official transcript must arrive in a sealed envelope bearing the institution's logo. It is the applicant's responsibility to ensure that transcripts are requested early enough so that they arrive by the deadline (February 15).*

☐ Personal Statement (stating future personal and professional goals and why you chose Radiology; 500 words max.) sent with application to the Radiologic Technology Program.
☐ Complete HESI testing by Feb. 1st
☐ Attend a mandatory information session (dates are posted on the website) (due Feb. 1st)
☐ Complete a mandatory two-hour job shadow in a **radiology** department (due Feb. 1st). While other modalities may be observed, the majority of the time **must** be spent in radiology.

Without these items, your application is **incomplete** and will not receive further consideration. Mandatory requirements may be waived due to a catastrophic event at the discretion of the Program Director.

## Technical Standards

Prospective students must be able to:

☐ Lift and transfer patients to and from the x-ray table.
☐ Lift a minimum of 30 pounds and support up to 75 pounds.
☐ Move, adjust, and manipulate a variety of equipment to perform radiographic procedures.
☐ Communicate, orally and in writing, with patients, physicians, and other personnel.
☐ Follow written and verbal instructions.
☐ Stand up to ten hours per day.
☐ Differentiate shades of gray when evaluating the radiographic image.

I have completed or acknowledge the requirements of the Radiologic Technology Program.
